see enclosed

2. Please provide specific ways in which, if elected, you would partner with and strengthen the nonprofit sector to achieve the goals of your campaign.

I have NO OPPONENT ON THE November ballot.

Since most of my professional and personal life has centered around building and expanding NON-profits, I have a unique understanding of how NON-profits should and should NOT organize their resources and efforts. State support of NON-profits' work, such as Land For Maine's Future, Biomedical and Marine R+D and higher non-profit educational institutions is essential to Maine's future. I will continue to play a leadership role in these important areas.
