

## Small Business & Non-Profit COVID Legal Clinic

The Maine Volunteer Lawyers Project, in collaboration with the Maine Justice Foundation, has launched a virtual Covid-19 Small Business/Non-Profit Legal Clinic. This project will provide small nonprofits and business owners (those with no more than 25 employees), whose operations have been impacted by Covid-19, a consultation with a Maine attorney about potential legal issues connected to the current crisis. Attorneys are available to discuss such topics as business-related pandemic benefits, including PPP loans, as well as debt, mortgages and leases, employment, taxes, contracts and bankruptcy, to name a few.

To find out more about the services of this program, please email the following information, using the subject SMALL BUSINESS CLINIC, to [VLPbiz@vlp.org](mailto:VLPbiz@vlp.org):

- Your name
- Email & telephone number
- Organization or business name
- Number of employees
- A brief description of your legal issue or question

A Maine Volunteer Lawyers Project volunteer will email you to set up a time to discuss the program, better understand your legal needs and determine if this program is right for you.
