2022 Candidate Survey - Maine Association of Nonprofits

Thank you for taking the time to reflect on your experience with Maine’s nonprofit sector.

Through this questionnaire, the Maine Association of Nonprofits (MANP) offers Maine candidates for publicly elected office the opportunity to reach our vital constituency to let them know how you would partner with nonprofits to advance policies that would strengthen our state.

Our goal is to promote an educated and enthusiastic nonprofit community that votes.

Please complete the questionnaire no later Friday, September 30, 2022. We will post responses to our website the following week.

Please describe your personal and professional experiences with nonprofit organizations. *

I am a member of the board of directors of a local non-profit and have served as its president. I am also a smaller non-profit board member.
Please describe your top 3 policy goals. *

1. Protecting our natural resources including our lakes.  
2. Protecting the rights and equity of all individuals to fully experience a fair and just society. Including but not limited to legal protections in court, the right to vote, protections against prejudices, a right to food and warm homes, etc.  
3. Continued improvements in education from early childhood to graduate school.

Please provide specific ways in which, if elected, you would partner with the nonprofit sector to achieve the goals of your campaign.

I will continue to work with local lake protection non-profits to use their expertise to help craft legislation that can effectively prevent the spread of invasives. I will also work with other non-profits to support legislation to address statewide needs like housing, legal access, healthcare, etc. I consider Maine’s non-profits a tremendous resource when crafting legislation and will involve them whenever possible.
