2022 Candidate Survey - Maine Association of Nonprofits

Thank you for taking the time to reflect on your experience with Maine's nonprofit sector.

Through this questionnaire, the Maine Association of Nonprofits (MANP) offers Maine candidates for publicly elected office the opportunity to reach our vital constituency to let them know how you would partner with nonprofits to advance policies that would strengthen our state.

Our goal is to promote an educated and enthusiastic nonprofit community that votes.

Please complete the questionnaire no later Friday, September 30, 2022. We will post responses to our website the following week.

Please describe your personal and professional experiences with nonprofit organizations. *

Starting several years ago, I volunteered at the Theatre at Monmouth, later an employee and volunteer for Salvation Army Bangor Corps office, as a Social Services Assistant and Bangor Homeless Coalition member and then for Woodfords Family services, Spurwink, and a number of unions.
Please describe your top 3 policy goals. *

Tax fairness, protecting workers rights, reducing bureaucracy

Please provide specific ways in which, if elected, you would partner with the nonprofit sector to achieve the goals of your campaign.

Resource providers, particularly those in direct support services, have been hit hardest by the socio-economic fallouts of the COVID-19 pandemic. I will work to help rebuild the middle class in favor of infrastructure policies that support both nonprofit and for profit institutions alike in ensuring they can provide safe and sustainable work environments to do the most good for their workers, consumers, and communities they serve.
